FRUCTOMAT

A New Generation of Fruit Drink Vending Machines

Frumic 2 / Fruitstar 2

NEW juice dispenser models, these two models were specifically designed for portability, flexibility and ease of use. These models feature an unique concentrate mixing system, able to mix juice concentrate from 1:5 up to 1:20, and easily adjusted with a turn switch. For example, you can set one flavor for a ratio 1:5 and the other for 1:20.

JDM 4100

Our emperor of the buffet for any sort of cold juices! JDM 4100 – The smallest fruit drink machine for catering with automatic cup recognition and simple handling. 4 drinks selections with a capacity of up to 1800 drinks with one filling.

Frumic 4 / Cool Dis 4

Stellar cost-benefit ratio, these juice dispensers, are our top selling dispenser machines. These highly efficient, practically maintenance-free machines dispense four different drink flavors as well as chilled, filtered water. They include a customizable cup sensor and electronic flood safety system. CoolDis has coin acceptor and /or cashless options.

Midi 4 / Midi 6

MIDI 4 and MIDI 6 models offer the best of both worlds. They are fruit drink dispensers and vending machines all in one. These models holds 4/6 different flavors and dispense chilled, filtered water. Mix any TWO flavors to maximize offerings. Serve carbonated or noncarbonated. Light (less concentrate) to Long (more concentrate).

Cool Mix / Cool Mix VE

Functionality in a appealing design distinguishes our new COOL MIX vending machine models (Coin acceptor and cashless options), offering four varieties of juices plus water, but without the payment protocol system. The COOL MIX juice dispenser can be custom designed with graphics branded according to your needs. Has three cup-dispensing slots, holding 180 cups, and electronic flood safety system.

Maxi 4 VE / Maxi 6 VE

The FRUCTOMAT MAXI series is the flagship of our vending machine line. Offering an unbeatable combination of high drink capacity and technical superiority, this family of machines is state-of-the-art in every way. Choose between four or six fruit drink flavors, in addition to purified water.

Frumax XL 4

The ideal machine for healthy and 100 % natural Juices. Very low energy consumption! With daily automatic cleaning system. Perfect for schools, gym's and offices. With automatic cup drop or electronic sensor for container filling to reduce waste.
